Deckenhöhe: bis 4.2 m

Common area, parking, wine cellar

Location: -1, -2, -3 floor

Garage

The in-house underground car park has two different parking types:

Stack parking lot: € 65 000

Large parking lot (suitable also for SUV): € 95 000

The garage can also be used with a sports car.

The project is a very exclusive address. Every individual element of the building not only preserves the inheritance of the old Viennese architecture – it also fulfils modern requirements. The building is under the state protection.

In cooperation with landmark preservationists, the building's architectural vocabulary has been retained, but now it has a unique, new "sound." For example, windows, door handles, and even hinges were restored and reused. Thus, they are the original imperial "furnishings" – in the most modern ambiance.

The building is characterized by a spacious front door and the elaborate stucco work, high ceilings (4 m) and windows (double glazing) as well as three historical flights of

the main staircase and a spacious courtyard. The wall thickness is up to 80 cm and the lighting is optimal on all floors, as it is a detached building.

For the entry doors, the traditional "Old Vienna" model was selected, with the WK3 security standard. In addition, the doors are equipped with a "reed relay" which can be fitted with an alarm system if desired.

Another unique feature is: your private quality of life does not end at your front door. It continues from there, flowing into a quiet 4,000 square meter park and an urban environment, yet it protects you from the streams of tourists.

price:	€ 5,900,000.-
Buyer's comm.:	3% plus 20% VAT
Living area:	approx. 213.76 m²
terrace area:	35 m²
